4) 2. The number and date of Government Order sanctioning the present establishment has not been noted.

3. Duty allowance of Rs.20/- to one Sub Assistant Surgeon and of Rs.10/- to another Sub Assistant Surgeon are sanctioned. In the proposition statement only Rs.20/- is shown. Similarly Rs.15/- is sanctioned as house rent whereas Rs.10/- only is shown in the statement. As no change is proposed in the allowances of the Sub Assistant Surgeons, their pay and allowances are excluded for the purpose of the proposition statement.

4. The graded pay of the male and female nurses is Rs.25-5/5-35 and not Rs.25-5/3-35 as shown in the statement.

5. The temporary establishment included in the proposition statement is sanctioned till 7th February 1938. Leaving out of account, the savings taken in respect of it, the proposals involve an increase of Rs.7,997/- per annum in the permanent recurring expenditure of the State.

11) The proposal involves an extra-recurring expenditure of about Rs.6,700 per annum, and in the present financial condition of the State, it is not desirable to permit additions(Particularly large additions) to the existing level of recurring expenditure. Corresponding savings in other items of recurring expenditure have not been pointed out as required in this office circular No.Fl.316-74/G.F. 6-37-1 dated 9th July 1937. There is also no provision for the purpose in the current year's budget and as the budget has been barely balanced after adopting temporary expedients and certain new items of expenditure involving large amounts have

since been sanctioned and require provision, it is not possible or desirable to sanction an additional grant during the current year. The expenditure of the Medical Department since 1931-32 is noted below:-

	Rs. in lakhs.
1931-32	11.80
1932-33	12.02
1933-34	12.37
1934-35	13.04
1935-36	13.05
1936-37 (Revised)	13.54
1937-38 (Budget)	14.29

13) From the above statement, it will be seen that the provision in the current year's budget is about Rs.1¼ lakhs more than the actuals during 1935-36 and about Rs.¾ lakh more than the last year's provision (apart from the large increase under "Works outlay appearing under 24 Civil Works") and further increase in the grant of this department has to be avoided as far as possible.

The present proposal may broadly be classified as follows:-

1. Making permanent certain temporary establishment ... Rs.108¾ p.m.
2. Entertainment of additional establishment ... 551⅔ p.m.
3. Increase or revision of pay of the existing establishment etc., (net) 6 p.m.

Total Rs.666 5/12 p.m.

14) 1. may be sanctioned, if necessary.

Regarding 2, it is to be stated that the extra establishment should be based not merely on the increased accommodation available but also on the increase in the number of patients. As information regarding the latter

latter cannot be estimated properly now, the extra staff to be entertained immediately should be the bare minimum, and further increases should be gradual, corresponding to the increase in the number of patients etc. In the Senior Surgeon's letter, reference is made to the appointment of a Matron on 100-125 and two female nurses on 40 to 50; while these are not shown in the Proposition statement. The minimum number in each class in the last grade need alone be entertained for the present. The appointment of a Psychologist and a Garden Maistry may be perhaps deferred. The extra establishment to be sanctioned may be temporary for the present.

15) The proposal (No. 3) to increase the pay of the clerk, maistry etc., cannot be regarded as emergent and may also be deferred.

16) All possible steps have to be taken to meet the extra cost by reappropriation, since there is no scope for sanctioning additional grant.

17) This may be forwarded with reference to the S.S. for remarks on the Comptroller's note & the P.C.'s remarks

(19) The objections raised and the suggestions made by the Financial Secretary are:-

(i) No new item of expenditure can be sanctioned unless corresponding savings in other items are shown. There is no provision made in the current year's budget for the additional staff required for the Mental Hospital.

(ii) The expenditure of the Medical Department has increased from 11.80 lakhs in 1931 to 14.29 lakhs in the year 1937 and hence additional expenditure has to be avoided.

(iii) Against the additional establishment proposed by the Department the following may be allowed:-

(a) The temporary staff sanctioned may be made permanent.

(b) The bare minimum of the additional establishment may be entertained, the extra staff being entertained gradually corresponding to the increase in the number of patients. The minimum number in each class may be appointed on a temporary basis.

(iv) The appointment of a Matron and two Nurses are not shown in the proposition statement.

(v) The increase of pay proposed for the clerk and maistry cannot be regarded as urgent and may be deferred.

(vi) All possible steps should be taken to meet extra cost by re-appropriation since there is no scope for sanctioning additional grant.

(20) No corresponding savings can be shown from any of

of the sanctioned heads of the Medical Department as the amounts sanctioned for each Head is the barest minimum calculated on the actuals of the previous year. There is no possible way of showing savings in other items except by closing other institutions. I may explain that it is not as if I may find funds for a minor item of expenditure such as ~~a~~ a typewriter for my office, by effecting savings under some other head. The proposals concern the stadardisation of work in an important Institution for which up-to-date buildings- which are second to none in India- are being provided. 22.

(21) Government Order No. Fl. 4686-47-37/G.F. 190-36-1 dated 22-1-1937 and the Comptroller's circular instructions issued with his letter No. 50/Bud. dated 19-2-37 prohibit the inclusion of unsanctioned items of expenditure in the budget and as such the Department could not incorporate the charges for the New Mental Hospital in the draft budget. The cost required for the additional staff may kindly be sanctioned as an additional grant for the Department. (1) Form for order

(22) It is no doubt true that there has been increase in the expenditure of the Medical Department since 1931. This is due to the expansion of a necessarily progressive Department, which keeps pace not only with the advancement of Science but also with the popular demand for extension of medical relief. (2) A comparison of the number of Hospitals and dispensaries that existed in 1931 with that which exists today will show that the higher expenditure is accounted for by numerous new dispensaries and the several new Hospitals such as the (1) Mallegowda's General Hospital,

P.T.O.

Hospital, Chickmagalur (2) Mc.Gann Hospital, Shimoga (3) the Ophthalmic Block and the Chindren's Ward in the Krishnarajendra Hospital, Mysore and (4) the Vani Vilas Hospital, Bangalore, (the last-named with the extensive adjuncts of Sajjan Rao's Block and the Children's Hospital.) The accommodation provided in former years bears no comparison with the accommodation now provided in these new Institutions. I may, in this connection, note that the total number of in-patients treated has risen from 42,106 in 1931 to 47,475 in 1935, and the number of out-patients treated has increased from 3,658,986 in 1931 to 4,471,590 in 1935. The annual rate of increase in the number of patients, as represented by these figures, is being steadily maintained.

23. The additional establishment asked for for the New Mental Hospital is the barest minimum requirements (b) and is not capable of reduction. The temporary staff has been proposed to be made permanent and incorporated into the new establishment asked for. This may kindly be sanctioned. (3)(a)

(24) As regards the observation of the Financial Secretary that extra establishment should be based on the actual increase in the number of patients and not on the increased accommodation, I can only say that a comparison between the old buildings and the new buildings will provide convincing proof of the impossibility of managing the latter with a smaller staff. Apart from the question of efficient nursing, the mere maintenance of the large wards in a sanitary condition will

will require the constant services of a large number of attendants. It has also to be remembered that, unlike in other hospitals, the patients are mentally unstable, oftentimes perverse and prone to abnormal behaviour, rendering it specially difficult to maintain cleanliness in the wards. If the additional staff is not provided, I shall only be reduced to the necessity of having to apply for sanction to defer the shifting of the Hospital to the new buildings.

(25) A revised proposition statement making due provision for the post of a Matron and two Nurses is prepared and submitted. I may in this connection invite reference to the General Secretary's letter No. Pol. 1195 dated 13-3-1937, addressed to the Secretary to the Hon'ble the Resident in Mysore in which it was stated that the question of appointing an Anglo-Indian or European Matron will be kept in view, while sanctioning the additional nursing staff that will be required when the present Mental Hospital is shifted to the new buildings. 4 (Flag B)

(26) The small increase of pay proposed for the clerical staff which costs only Rs.6/- per mensem or Rs.72/- per annum may kindly be sanctioned, as there will be a definite increase of work as well as of responsibility in the new Institution. 5

(27) I may also note that the Hospital receipts for the year 1936 was Rs.19,000/- (out of which the income from paying patients was Rs.4,000/- and that from the C.&.M. Station patients Rs.15,000/-) against the budget expenditure of Rs.29,200 for the entire Institution for the year 1936-37. Thus only a little over Rs.10,000/- is being met by Government for the maintenance of this State Hospital.

Additional nurses and staff for the new Mental Hospital, Bangalore.

47 The Senior Surgeon has submitted proposals for strengthening the nursing, clerical and other staff required for the Mental Hospital, Bangalore, before it is shifted to the new buildings, which are now nearing completion, entailing an additional cost of about Rs.8,785 per annum as shown in the revised proposition statement.

48 The Financial Secretary is of the opinion that additions to recurring expenditure, particularly large additions, are unwelcome and that it is desirable to reduce the cost and sanction the minimum establishment, temporarily in the first instance. As the buildings of the new Mental Hospital are somewhat scattered and cover a wide area and as an increase in the number of patients is anticipated, the additional establishment proposed by the Senior Surgeon appears to be the minimum required. It may also be mentioned, in this connection, that the cost of maintenance of patients from the Civil and Military Station and from British Provinces is borne by the respective Governments, the receipts under this head being approximately Rs.15,000 for 1936.

49 As the extra cost of about Rs.5,860 required during the current year cannot be met by reappropriation, an additional grant to the extent necessary has to be sanctioned. A demand for this will be placed in due course before the Legislative Council.

50 The Dewan and the First Member of Council are agreeable to the above proposals and I solicit His Highness' gracious sanction thereto.

To

The General Secretary to the Government of
His Highness the Mahraja of Mysore, Bangalore.

GENERAL SECRETARY
27 MAR. 1937

Sir,

I have the honour to forward herewith a proposition statement in duplicate for additional staff required for the New Mental Hospital, Bangalore, which is nearing completion and is expected to be occupied in July 1937. There are at present 1 Male Nurse and 1 Female Nurse borne on the permanent establishment and 2 more nurses (1 male and 1 female) have been sanctioned as a tentative measure in Government Order No.G.6238-9/Med.128-35-4 dated 7-2-1936. Considering that the wards are spread out in the new Hospital and accommodation is also increased, the nursing staff proposed is absolutely necessary. Two female nurses, with higher sick-nursing qualifications are proposed to be appointed on

a) Rs.40-50+10+2½ for looking after acute cases, which require efficient skilled attention. The present Matron on Rs.55-5/3-75 will be designated as Assistant Matron, a new Matron on Rs.100-125

b) plus 20+2½ being proposed for holding the entire charge of the nursing staff and linen as in similar major institutions, such as the Vani Vilas Hospital, Bangalore.

2. A fully equipped and organised psychology section for the conduct of routine tests of intelligence and temperament and psychological investigations is also proposed to be started. As an initial step, a psychologist is proposed to be appointed. As this work has to be entrusted to a person with high general educational qualification, an M.A., B.T., will be preferred.

c) His starting pay will be fixed at Rs.40-5/2-50.

3. For obvious reasons the number of menial servants has to be adequately increased. Eight male ward attendants, 6 female

d) attendants on Rs.10/- each, 2 male Toties on Rs.10/- each and

P.T.O.

and 2 female toties on Rs.8/- each are proposed for the immediate requirements of the new institution. A garden maistry on Rs.14/- e) for thesupervision of the work of gardening by mental patients is proposed. The need for this appointment is obvious. For the office attached to a big major Institution, a qualified accountant with experience in office work is proposed to be substituted for the f) present post. The small increase in the pay proposed may kindly be allowed.

4. The pay of the Maistry is slightly enhanced with a view to g) attract competent recruits, as work demands good technical knowledge and skill.

5. I may note that the temporary establishment sanctioned in Government Order dated 7-2-1936 is proposed to be made permanent and merged in the staff proposed for the new Hospital.

6. The net additional cost involved in the proposal works out to Rs.594.11/12 per mensem or Rs.7,139/- per annum.

7. I request the favour of very early sanction.

I have the honour to be,

Sir,

Your most obedient servant,

S. Subba Rao.

Senior Surgeon.

Submitted.

The proposition now statement has not the first instance, to be verified by the Comptroller.

If approved this will be got done by the file being referred unofficially to the Comptr. to Govt.

Senior Surgeon with the Government of H. H. the Maharaja of Mysore.

The Secretary to the Government of Mysore,
Local Self Government Department, Bangalore.

Sir,

The Secretary to Government, Public Works Department, informs me that the New Mental Hospital Buildings are nearing completion, and that arrangements may be made for shifting the Institution into the new building by about the first week of October.

In this connection, I have the honour to invite kind reference to my letter No.C.2139-1 dated 23-3-1937 and U.O.Note No.C.2139-3 dated 30-8-1937, wherein a proposition statement has been submitted for the additional staff required for the proper working of this new Institution. As explained in these letters, it will not be possible to run the new Hospital without the additional staff for which sanction has been sought. I therefore request that you will be so good as to obtain very early sanction of Government so that I may arrange for the shifting of the Hospital during October 1937.

I have the honour to be,
Sir,
Your most obedient servant,
S. Subba Rao
Senior Surgeon.
